About Me

To work in a progressive organization that embraces diverse spectrums of work and culture, fostering consistency, competence, and expertise in both professional and social spheres. I aim to contribute to collective excellence and technical growth while achieving personal fulfillment, with an open attitude toward new ideas and concepts that enhance the overall growth of the organization.

Education

S S C: 2013

Sri Akshara School

88%

Intermediate : 2013 - 20215

Narayana Jr College

77%

B Design: 2016 - 2020

JNAFAU, Hyderabad

61%

Experience

3BHK Residential House: These projects taught me about designing urban modern houses and how to create a lively environment in a home.

Restaurant: I had designed it for Turkish people, so I researched every detail such as history, food habits, and architecture. These points helped me create an adaptable environment for them.

Music School: I learned how acoustical materials are very important in designing interior spaces.

Intern Training on False Ceiling and Flooring: This helped me gain practical experience in the installation of flooring and ceiling.

Internship: Two projects

1.2BHK

2.Duplex House

Other Projects During Graduation: Museum, institutional building, resort, kindergarten, architect firm, clinic, and residential building.

Professional Experience
